The CDN Quarterly Sequence

The **CDN Quarterly** is part of the total CDN subscription package. One section of the **Quarterly** is sent every month to our **CDN** subscribers (along with their **CDN Monthly Supplement**), and the contents of the **Quarterly** rotate every three months. The following outlines the publishing schedule:

Quarterly 1: published Jan.; Apr.; July; Oct.; contains Half Cents, Large Cents, Half Dimes, Dimes through 1891, Twenty Cents, and Quarter Dollars through 1891; and all by date in standard grades!

Quarterly 2: published Feb.; May; Aug.; Nov.; contains Half Dollars through 1891, Dollars through 1873; Trade Dollars, Gold Dollars, Quarter Eagles through 1907, Three Dollar Gold; and all by date in standard grades!

Quarterly 3: published Mar.; June; Sept.; Dec.; contains Four Dollar Gold, Half Eagles through 1908; Eagles through 1907, Double Eagles through 1907; and all by date in standard grades!

Plus, the **Quarterly** regularly contains 'centerfolds' with: Proof Cents; Proof Two Cents; Proof Three Cent Silvers; Proof Three Cent Nickels; Proof Nickels; Proof Barber Dimes, Quarters, & Halves; Proof Dollars; and all by date in standard grades!

Combining the weekly, monthly and quarterly *Greysheets* included in your subscription, subscribers to the **CDN** now receive **current** pricing information on **every** regular issue U.S. coin; in fact, it is like receiving four copies of an annual pricing guide, with the advantage that prices are up-to-date when you receive them! All this, plus weekly and monthly updates on faster-moving issues.

Using the CDN Quarterly

CDN publications report prices based on national **dealer-to-dealer** buying and selling information. These **wholesale** prices result from our monitoring all possible **sight-seen** transactions and offers to buy or sell. The coins may be certified or "raw", but the grading **must** adhere to the **current** leading standard. Prices also consider activity in the certified **sight-unseen** market (PCGS & NGC). **CDN Quarterly** prices will be strongly influenced by **Sells** which are lower than listed levels. A higher **Bid** will normally raise **CDN Quarterly** prices, and a lower **Sell** will normally lower them.

The **CDN Quarterly** reports the **highest wholesale** prices seen nationally, which assume a **willing** and **knowledgeable** buyer. The actual buying offer for a rarer coin depends largely on the availability of a customer; on occasion, customer demand may be weaker for rarer dates or varieties, and dealers must consider this before purchasing for inventory. Rarity also plays a key role in selling prices, with a substantial premium asked for **extremely** scarce coins; the wholesale asking price may be multiples of the listed **Bid** price. Prices on more-frequently traded coins will reflect the greater activity; prices on less-frequently traded coins may reflect last-known information. These **wholesale** prices should not be misinterpreted by **retail** clients as levels at which coins can be bought or sold; wholesale buying requires a substantial market presence.

Prices listed are for typical examples; numismatists **expect** a wide variation in looks and attractiveness within a particular grade. A coin must stand on its own merits; this is the heart of **sight-seen** trading. Bronze coinage is especially susceptible to spotting, and severely spotted issues may command a lower price. Prices will also be affected by cleaning, **planchet** flaws or porosity, rim nicks, and other factors in the final grading of a coin. Prices listed are for 'no-problem' coins.

A tilde ("~") indicates no reliable pricing information is available; an "n/m" indicates that none were made. Prices in the **XF** columns are for coins graded **XF40**; **AU** columns are for coins graded **AU50**.

Now is the Time!!

XII

We are currently entering the next phase of the **Rare Coin** market. As witnessed by the recent Eliasberg Sale and confirmed by multiple private-treaty sales since, the market focus has not only shifted dramatically toward Rarity and Quality, but toward fame, pedigree and historical importance as well.

Presented here is the most amazing group of Classic American Rarities ever assembled in the history of Numismatics. Not only is each coin a National Treasure and desired in any state of preservation, but each has the distinction of being the **Finest Known** and the most valuable coin for its respective denomination.

All of these legendary coins have two things in common – they have passed The Mint's strict criteria of properly-graded, eye-appealing. "Truly Rare" gems with superb track records, and each has been encapsulated by Numismatic Guaranty Corporation. Both companies are recognized leaders in the rare coin industry.

Here at The Mint, we not only **buy and sell** the most famous and valuable coins in the world, we also offer the best repurchase program in the business and have a full 30-day, no questions asked return policy, 90-day interest free in-house financing, and the experience to help you consolidate your holdings into a World Class Portfolio of proven, time-tested Classic Rarities.

If you have a modest collection or a great rarity for sale, or have an interest in buying some *Amazing Coins with Real Potential* or "Trading Up" to a Classic American Rarity, give me a call, and let's discuss strategy – winning strategy!

Coins have been a "love affair" of mine for over 40 years, and I look forward to helping you in any way I can.

- ✓ \$7⁵⁰ PER COIN
- ✓ 6-DAY SERVICE

*Tells why more people
are turning to* **PCI**

- ☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.
- ☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5+, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.
- ☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).
- ☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$7⁵⁰ per coin, plus postage and insurance.
- ☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!
- ☐ As a special bonus - PCI provides a **FREE** storage box when twenty (20) coins are submitted. (\$5 charge for storage box orders containing less than 20.)

After our 6th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!

ATTENTION ALL COIN DEALERS, WHEELER DEALERS... AND COLLECTORS, TOO! THERE'S SOME MONEY WAITING FOR YOU IN CALIFORNIA

Spectrum Numismatics, the number one buyer of rare coins in this country, desperately needs your coins. Spectrum will do anything within reason to acquire those coins including:

- **Cash On The Spot!** In 1997, we spent over \$70,000,000 purchasing rare coins from dealers and collectors. A lot of people claim to pay top prices but **Spectrum** puts its money where its mouth is and we offer immediate payment.
- **Finder's Fees.** If you bump into a deal and don't want to get involved, you can still make money by helping **Spectrum** purchase the deal. We pay extremely generous finder's fees to anyone who helps us buy coins. In 1997, **Spectrum paid \$3,028,173** in finder's fees and commissions.
- **Trades.** We're willing to consider any reasonable trade that allows us to acquire the coins we need to satisfy our coin-hungry clients. If you'd like to trade your rare coins for bullion, other rare coins, or just about anything, there's a high probability that we can arrange a transaction that meets your needs.
- **Financing.** **Spectrum** has money and needs coins. If you have coins and need money, **Spectrum** has numerous financing packages to help you.

DO IT FOR THE MONEY!

It's easy to do business with Spectrum

Spectrum will buy all types of Pre-1950 U.S. coins in all price ranges. It's incredibly easy to do a transaction with Spectrum. First, if you would like to ship your coins to Spectrum for a totally risk-free appraisal of your coins, all you have to do is call Spectrum collect at 714/955-1250 and tell them you'd like to speak to one of our buyers. Spectrum will arrange to look at your coins and make you an outrageously high offer for them. If you agree to accept the offer, you will be sent immediate payment for your coins (and your shipping expenses) in any form you desire. If, for any reason, you do not want to accept Spectrum's offer for your coins, your coins will be sent back to you free of charge along with a check for your initial shipping expenses.

The CDN Quarterly Sequence

The **CDN Quarterly** is part of the total **CDN** subscription package. One section of the **Quarterly** is sent every month to our **CDN** subscribers (along with their **CDN Monthly Supplement**), and the contents of the **Quarterly** rotate every three months. The following outlines the publishing schedule:

Quarterly 1: published Jan.; Apr.; July; Oct.; contains Half Cents, Large Cents, Half Dimes, Dimes through 1891, Twenty Cents, and Quarter Dollars through 1891; and all by date in standard grades!

Quarterly 2: published Feb.; May; Aug.; Nov.; contains Half Dollars through 1891, Dollars through 1873; Trade Dollars, Gold Dollars, Quarter Eagles through 1907, Three Dollar Gold; and all by date in standard grades!

Quarterly 3: published Mar.; June; Sept.; Dec.; contains Four Dollar Gold, Half Eagles through 1908; Eagles through 1907, Double Eagles through 1907; and all by date in standard grades!

Plus, the **Quarterly** regularly contains 'centerfolds' with: Proof Cents; Proof Two Cents; Proof Three Cent Silvers; Proof Three Cent Nickels; Proof Nickels; Proof Barber Dimes, Quarters, & Halves; Proof Dollars; and all by date in standard grades!

Combining the weekly, monthly and quarterly *Greysheets* included in your subscription, subscribers to the **CDN** now receive **current** pricing information on **every** regular issue U.S. coin; in fact, it is like receiving four copies of an annual pricing guide, with the advantage that prices are up-to-date when you receive them! All this, plus weekly and monthly updates on faster-moving issues.

Using the CDN Quarterly

CDN publications report prices based on national **dealer-to-dealer** buying and selling information. These **wholesale** prices result from our monitoring all possible **sight-seen** transactions and offers to buy or sell. The coins may be certified or "raw", but the grading **must adhere** to the current leading standard. Prices also consider activity in the certified **sight-unseen** market (PCGS & NGC). **CDN Quarterly** prices will be strongly influenced by Sells which are lower than listed levels. A higher Bid will normally raise **CDN Quarterly** prices, and a lower Sell will normally lower them.

The **CDN Quarterly** reports the **highest wholesale** prices seen nationally, which assume a **willing and knowledgeable** buyer. The actual buying offer for a rarer coin depends largely on the availability of a customer; on occasion, customer demand may be weaker for rarer dates or varieties, and dealers must consider this before purchasing for inventory. Rarity also plays a key role in selling prices, with a substantial premium asked for extremely scarce coins; the wholesale asking price may be multiples of the listed Bid price. Prices on more-frequently traded coins will reflect the greater activity; prices on less-frequently traded coins may reflect last-known information. These **wholesale** prices should not be misinterpreted by **retail** clients as levels at which coins can be bought or sold; wholesale buying requires a substantial market presence.

Prices listed are for typical examples; numismatists expect a wide variation in looks and attractiveness within a particular grade. A coin must stand on its own merits; this is the heart of **sight-seen** trading. Bronze coinage is especially susceptible to spotting, and severely spotted issues may command a lower price. Prices will also be affected by cleaning, planchet flaws or porosity, rim nicks, and other factors in the final grading of a coin. Prices listed are for 'no-problem' coins.

A tilde (" ~ ") indicates no reliable pricing information is available; an "n/m" indicates that none were made. Prices in the XF columns are for coins graded XF40; AU columns are for coins graded AU50.

ATTENTION ALL COIN DEALERS, WHEELER DEALERS... AND COLLECTORS, TOO! THERE'S SOME MONEY WAITING FOR YOU MILWAUKEE

Spectrum Numismatics, the premier buyer of rare coins in this country, desperately needs your Uncirculated pre-1950 coins. Spectrum will do anything within reason to acquire these coins including:

- **Cash On The Spot!** In 1997, we spent millions and millions of dollars purchasing rare coins from dealers and collectors. A lot of people claim to pay top prices but **Spectrum** puts its money where its mouth is and we offer immediate payment.
- **Finder's Fees.** If you bump into a deal and don't want to get involved, you can still make money by helping **Spectrum** purchase the deal. We pay extremely generous finder's fees to anyone who helps us buy coins. In 1997, **Spectrum** paid **\$3,065,845** in finder's fees and commissions.
- **Trades.** We're willing to consider any reasonable trade that allows us to acquire the coins we need to satisfy our coin-hungry clients. If you'd like to trade your rare coins for bullion, other rare coins, or just about anything, there's a high probability that we can arrange a transaction that meets your needs.
- **Funding.** **Spectrum** has money and needs coins. If you have coins and need money, **Spectrum** has numerous financing packages for you.

DO IT FOR THE MONEY!

It's easy to do business with Spectrum

The PCI Capsule...

- ✓ \$7⁵⁰ PER COIN
- ✓ 6-DAY SERVICE

*Tells why more people
are turning to* **PCI**

- ☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.
- ☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5+, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.
- ☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).
- ☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$7⁵⁰ per coin, plus postage and insurance.
- ☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!
- ☐ As a special bonus - PCI provides a **FREE** storage box when twenty (20) coins are submitted. (\$5 charge for storage box orders containing less than 20.)

After our 6th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!

Using the CDN Quarterly

CDN publications report prices based on national **dealer-to-dealer** buying and selling information. These **wholesale** prices result from our monitoring all possible **sight-seen** transactions and offers to buy or sell. The coins may be certified or "raw", but the grading **must adhere** to the current leading standard. Prices also consider activity in the certified **sight-unseen** market (PCGS & NGC). **CDN Quarterly** prices will be strongly influenced by Sells which are lower than listed levels. A higher Bid will normally raise **CDN Quarterly** prices, and a lower Sell will normally lower them.

The **CDN Quarterly** reports the **highest wholesale** prices seen nationally, which assume a *willing and knowledgeable* buyer. The actual buying offer for a rarer coin depends largely on the availability of a customer; on occasion, customer demand may be weaker for rarer dates or varieties, and dealers must consider this before purchasing for inventory. Rarity also plays a key role in selling prices, with a substantial premium asked for extremely scarce coins; the wholesale asking price may be multiples of the listed Bid price. Prices on more-frequently traded coins will reflect the greater activity; prices on less-frequently traded coins may reflect last-known information. These **wholesale** prices should not be misinterpreted by **retail** clients as levels at which coins can be bought or sold; wholesale buying requires a substantial market presence.

Prices listed are for typical examples; numismatists expect a wide variation in looks and attractiveness within a particular grade. A coin must stand on its own merits; this is the heart of **sight-seen** trading. Bronze coinage is especially susceptible to spotting, and severely spotted issues may command a lower price. Prices will also be affected by cleaning, planchet flaws or porosity, rim nicks, and other factors in the final grading of a coin. Prices listed are for 'no-problem' coins.

A tilde ("~") indicates no reliable pricing information is available; an "n/m" indicates that none were made. Prices in the XF columns are for coins graded XF40; AU columns are for coins graded AU50.

DO IT FOR THE MONEY!

WHY THE KING OF CASH

(OFTEN IMITATED, BUT NEVER OUTBID!)

**DESPERATELY NEEDS TO PAY YOU
OUTRAGEOUS PRICES FOR YOUR COINS...**

When it's time to sell your coins, there's only one question that needs to be answered.

- It doesn't matter who's the largest company.
- It doesn't matter who has the biggest inventory of coins.
- It doesn't matter whether your coins are sold at auction, directly to a dealer, or a combination of the two.

THE BOTTOM LINE IS HOW MUCH MONEY YOU PUT IN YOUR BACK POCKET!

The only question that needs to be answered is, "How can you sell your coins for the maximum amount possible while maintaining the highest possible comfort level in the speed of sale and payment procedure?"

In the United States rare coin market the answer to that question is very simple. Time and time again, at both public auction and in direct dealings, Spectrum Numismatics pays absolute top dollar for coins while buying the broadest possible types of material... everything from million dollar rarities to ten dollar generic coins. And nobody pays faster than Spectrum.

SPECTRUM MUST PAY YOU MORE THAN ANYONE ELSE.

Here's the secret, when it comes to buying your coins. Spectrum has no choice. Spectrum needs to spend a minimum of \$6,000,000 per month to satisfy its coin-hungry clients. Spectrum must either buy your coins or lose their clients. That's why Spectrum can pay you more than any other rare coin dealer. There's no catch. The reason is as simple as that. If Spectrum wants to stay in business, it must be one of the top buyers of United States rare coins, in all price ranges.

TOP BUYING POWER - THE ABILITY OF A FIRM TO BUY ALL OF YOUR COINS

It can be easy to sell one or two coins. It can be easy to sell your highest grade coins or your rare coins. It's a bit more complicated to sell all of your coins. The major mistake that most collectors make when disposing of their collection is they don't ask enough money for their great coins and they ask too much money for their mediocre coins. They usually sell their great coins immediately and are stuck with the bottom of the barrel. What makes sense is to sell to a firm who needs a broad base of coins. A firm that's comfortable buying a coin for \$100,000 or \$10. Spectrum is willing to buy virtually any pre-1950 Uncirculated U.S. Coin.

When you deal with Spectrum Numismatics, you can take comfort in the fact that you are selling to the absolute top buyer for rarities and someone who will buy all of your coins in all price ranges. But there's a lot more.

WHAT'S IN IT FOR YOU

When you sell coins to Spectrum Numismatics you get the following benefits every time:

1. Absolute top dollar for your coins. This is not a shallow claim. The facts clearly show that Spectrum Numismatics is the number one buyer for rare coins.

2. Ultra fast payment. Spectrum Numismatics can pay you any way you choose...you can have a check, you can have a bank wire, you can deliver the coins, or you can mail them. Any way you want to handle the transaction is O.K. with Spectrum and will be handled as quickly as you desire.

3. Ultra efficient service aimed to make it as easy as possible for you to sell your coins. If you would like a Spectrum buyer to visit you at your convenience, all you have to do is call Spectrum collect any weekday and talk to one of our buyers. In fact, Spectrum is so desperate to buy your coins, we'll even pay the price of your shipping the coins - whether or not you decide to sell them to Spectrum.

The PCI Capsule...

✓ \$7⁵⁰ PER COIN

✓ 6-DAY SERVICE

*Tells why more people
are turning to* **PCI**

☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5+, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.

☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$7⁵⁰ per coin, plus postage and insurance.

☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

☐ As a special bonus - PCI provides a **FREE** storage box when twenty (20) coins are submitted. (\$5 charge for storage box orders containing less than 20.)

After our 6th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!

The CDN Quarterly Sequence

The **CDN Quarterly** is part of the total CDN subscription package. One section of the **Quarterly** is sent every month to our **CDN** subscribers (along with their **CDN Monthly Supplement**), and the contents of the **Quarterly** rotate every three months. The following outlines the publishing schedule:

Quarterly 1: published Jan.; Apr.; July; Oct.; contains Half Cents, Large Cents, Half Dimes, Dimes through 1891, Twenty Cents, and Quarter Dollars through 1891; and all by date in standard grades!

Quarterly 2: published Feb.; May; Aug.; Nov.; contains Half Dollars through 1891, Dollars through 1873; Trade Dollars, Gold Dollars, Quarter Eagles through 1907, Three Dollar Gold; and all by date in standard grades!

Quarterly 3: published Mar.; June; Sept.; Dec.; contains Four Dollar Gold, Half Eagles through 1908; Eagles through 1907, Double Eagles through 1907; and all by date in standard grades!

Plus, the **Quarterly** regularly contains 'centerfolds' with: Proof Cents; Proof Two Cents; Proof Three Cent Silvers; Proof Three Cent Nickels; Proof Nickels; Proof Barber Dimes, Quarters, & Halves; Proof Dollars; and all by date in standard grades!

Combining the weekly, monthly and quarterly *Greysheets* included in your subscription, subscribers to the **CDN** now receive **current** pricing information on **every** regular issue U.S. coin; in fact, it is like receiving four copies of an annual pricing guide, with the advantage that prices are up-to-date when you receive them! All this, plus weekly and monthly updates on faster-moving issues.

Using the CDN Quarterly

CDN publications report prices based on national **dealer-to-dealer** buying and selling information. These **wholesale** prices result from our monitoring all possible **sight-seen** transactions and offers to buy or sell. The coins may be certified or "raw", but the grading **must adhere** to the current leading standard. Prices also consider activity in the certified **sight-unseen** market (PCGS & NGC). **CDN Quarterly** prices will be strongly influenced by **Sells** which are lower than listed levels. A higher **Bid** will normally raise **CDN Quarterly** prices, and a lower **Sell** will normally lower them.

The **CDN Quarterly** reports the **highest wholesale** prices seen nationally, which assume a **willing and knowledgeable** buyer. The actual buying offer for a rarer coin depends largely on the availability of a customer; on occasion, customer demand may be weaker for rarer dates or varieties, and dealers must consider this before purchasing for inventory. Rarity also plays a key role in selling prices, with a substantial premium asked for extremely scarce coins; the wholesale asking price may be multiples of the listed **Bid** price. Prices on more-frequently traded coins will reflect the greater activity; prices on less-frequently traded coins may reflect last-known information. These **wholesale** prices should not be misinterpreted by **retail** clients as levels at which coins can be bought or sold; wholesale buying requires a substantial market presence.

Prices listed are for typical examples; numismatists expect a wide variation in looks and attractiveness within a particular grade. A coin must stand on its own merits; this is the heart of **sight-seen** trading. Bronze coinage is especially susceptible to spotting, and severely spotted issues may command a lower price. Prices will also be affected by cleaning, planchet flaws or porosity, rim nicks, and other factors in the final grading of a coin. Prices listed are for 'no-problem' coins.

A tilde ("~") indicates no reliable pricing information is available; an "n/m" indicates that none were made. Prices in the **XF** columns are for coins graded **XF40**; **AU** columns are for coins graded **AU50**.

We have the knowledge that covers the spectrum, whether it's a collection of early United States rarities, a hoard of pre-1950 20th century coins, or a large and diverse holding in all areas of the market. We are interested in buying. Period.

*FINANCING PACKAGES.

What does it take to get the deal done? Every situation seems to be unique in some way, and **Spectrum** has financing packages tailored to your needs.

If you have rare U.S. coins...any uncirculated pre-1950 U.S. coins...pick up the phone and call (949) 955-1250, to get your piece of the action and your share of the cash!
Call collect and tell them you want to talk to the *King of Cash*.

are turning to* **PCI**

☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5 +, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.

☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$7⁵⁰ per coin, plus postage and insurance.

☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

☐ As a special bonus - PCI provides a **FREE** storage box when twenty (20) coins are submitted. (\$5 charge for storage box orders containing less than 20.)

Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!
